

FLEMINGTON BOROUGH OFFICE OF EMERGENCY MANAGEMENT

100 Main Street
Flemington, NJ 08822

May 15th, 2020

Flemington Borough OEM Advisement on State Executive Order 142 reference Curb-side Pickup for Non-essential retail, that takes effect Monday 5/18/20 at 6:00 AM.

Paragraph 2 of Executive Order No. 122 (2020) is hereby superseded in full.

Paragraph 3 of that Order is hereby superseded to the extent that it applied to businesses engaged in essential construction projects. New Jersey Office of Emergency Management (NJOEM) Administrative Order No. 2020-11 is hereby superseded in full.

Non-essential retail businesses are permitted to reopen to the public, but only where they adopt policies that include, at minimum, the following requirements:

- a. Customers shall not be permitted to enter the brick-and-mortar premises, but shall be permitted to pick up goods outside of the establishment that they have already ordered ("curbside pickup");
- b. In-store operations shall be limited, wherever feasible, to those employees who are responsible for the operations required for curbside pickup;
- c. Customer transactions shall be handled in advance by phone, email, facsimile, or other means that avoid person-to-person contact, wherever feasible;
- d. Customers shall notify the retailer by text message, email, or phone once they arrive, whenever feasible, or make best efforts to schedule their arrival time in advance. The customer shall be asked to remain in their vehicle, if arriving by car, until store staff delivers the purchase;
- e. Designated employees shall bring goods outside of the retail establishment and place the goods directly in a customer's vehicle whenever feasible; and

f. Retail businesses operating in shopping malls are permitted to operate by curbside pickup, in accordance with the other requirements of this paragraph, but employees must bring the goods to customers at the exterior of the mall and shall place them directly in a customer's vehicle whenever feasible. The indoor portions of shopping malls shall remain closed to the public, consistent with Executive Order No. 107 (2020). Additionally, the policies described in this paragraph should also ensure that non-essential retail business employers do the following, at a minimum:

g. Require infection control practices, such as regular hand washing, coughing and sneezing etiquette, and proper tissue usage and disposal;

h. Provide employees break time for repeated handwashing throughout the workday;

i. Provide sanitization materials, such as hand sanitizer and sanitizing wipes, to staff;

j. Require frequent sanitization of high-touch areas to which workers have access; and

k. Require workers to wear cloth face coverings and gloves when interacting with other workers or customers and require workers to wear gloves when in contact with customers or goods. Businesses must provide, at their expense, such face coverings and gloves for their employees. Nothing in the stated policy should prevent workers from wearing a surgical-grade mask or other more protective face covering if the individual is already in possession of such equipment, or if the business is otherwise required to provide such worker with more protective equipment due to the nature of the work involved.
